Ages 18+ due to sexual content and languageAfter graduating from the University of South Alabama, Scarlett Moore discovers her boyfriend of five months is actually married with a child on the way. Feeling used and heartbroken, she decides it's time to take her best friend Jules' advice to move to Atlanta and live with her. There, Jules helps her get a job at Entertainment Atlanta, where she works as an entertainment insurance agent. It's not Scarlett's dream job, but it's better than not having a job at all, and who would mind working with famous people, right?Then she gets assigned to EA's newest client, Kade Evans, rock star turned actor. Not only is he a drug addict, he's also known for never dating the same girl twice. He's tall, dark, and handsome, has an amazing voice, and good acting skills, but he's also arrogant and intense.At their first meeting, the chemistry between them is undeniable. The love that comes later is unexpected.But Kade's life is full of secrets. His past has now intruded on his present and when Scarlett finds out what his secrets are, the real deception begins.Part 1 of 2.

The papers in this volume derive from the proceedings of the nineteenth International Bronze Congress, held at the Getty Center and Villa in October 2015 in connection with the exhibition Power and Pathos: Bronze Sculpture of the Hellenistic World. The study of large-scale ancient bronzes has long focused on aspects of technology and production. Analytical work of materials, processes, and techniques has significantly enriched our understanding of the medium. Most recently, the restoration history of bronzes has established itself as a distinct area of investigation. How does this scholarship bear on the understanding of bronzes within the wider history of ancient art? How do these technical data relate to our ideas of styles and development? How has the material itself affected ancient and modern perceptions of form, value, and status of works of art? www.getty.edu/publications/artistryinbronze. From "one of the most exciting breakout novelists" (USA TODAY) comes the first novel in an irresistible new series—a spin-off of the bestselling Marriage to a Billionaire series—featuring a matchmaker who falls for a man who doesn't believe in love. First in a sizzling new series from Jennifer Probst, the USA Today bestselling author adored for her "fresh, fun, and sexy" (Romancing the Book) storytelling! In charming Verily, New York, Kate Seymour has a smashing success with Kinnections, the matchmaking service she owns with her two best girlfriends. But Kate's more than a savvy businesswoman: She's gifted with a secret power, a jolting touch that signals when love's magic is at work. It rocked her when she picked up a strange volume of love spells in the town's used bookstore . . . and it zapped her again when she encountered Slade Montgomery, the hot-tempered—and hot-bodied—divorce lawyer who storms into Kinnections demanding proof that playing Cupid won't destroy his vulnerable sister, Kate's newest client. The only way to convince this cynic that she's no fraud, and that love is no mirage, is for Kate to meet his audacious challenge: find him his dream woman. Can Kate keep their relationship strictly business when her electrifying attraction nearly knocked her off her feet? Or has the matchmaker finally met her match?.

[Download pdf file Searching for Someday](#)Entering the vigorous debate about the nature of the American welfare state, *The Wages of Motherhood* illuminates ways in which a "maternalist" social policy emerged from the crucible of gender and racial politics between the world wars. Gwendolyn Mink here examines the cultural dynamics of maternalist social policy, which have often been overlooked by institutional and class analyses of the welfare state. Mink maintains that the movement for welfare provisions, while

resulting in important gains, reinforced existing patterns of gender and racial inequality. She explores how Anglo American women reformers, as they gained increasing political recognition, promoted an ideology of domesticity that became the core of maternalist social policy. Focusing on reformers such as Jane Addams, Grace Abbott, Katherine Lenroot, and Frances Perkins, Mink shows how they helped shape a social policy premised on moral character and cultural conformity rather than universal entitlement.

[Download pdf file The Story of Assisi](#)In a fascinating account of how technology is altering our consciousness, Celia Lury shows how the manipulation of photographic images and ways of seeing can so redefine the relation between consciousness, the body and memory as to create a 'prosthetic culture' whose capacities both extend and threaten our humanity. We live in a society in which some memories can be falsely implanted in the individual while others are stored in video archives of images, in which the powers of cartoon superheroes break through the limitations of time and space. Using the examples of photo-therapy, family albums, Benetton advertising campaigns, the phenomenon of false memory syndrome and the 'lives' of cartoon characters this book argues that the 'eyes' made available by contemporary visual technologies involve not simply specific ways of seeing, but also ways of life.

The choice of the latter as the title of this volume reflects the bottom-up, let a thousand flowers bloom, ethos of the the Open Anthropology Cooperative, an online forum dedicated to, "open access, open membership, open to sharing new ideas, open to whatever the organization might do or become; open to everyone, as in 'open source'." This openness attracted the contributors to this volume, who have found in OAC seminars a place to write and think anthropologically in a forum where the academic straitjacket is loosened but serious thinking and writing encouraged. The topics are varied, but "cosmos" and "politics," consensus and conflict, one world or many, humanity and what it means to be human are always at stake. Contributors: Keith Hart, Huon Wardle, Justin Shaffner, Thomas Sturm, Martin Holbraad, Sidney Mintz, Philip Swift, John McCreery, Alberto Corsin-Jimenez, Joanna Overing, Lee Drummond, Jean La Fontaine, Daniel Miller, Liria de la Cruz, and Paloma Gay y Blasco.

Like a lively course from an expert teacher, The Wine Bible grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil's information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author's unique voice, always entertained: "In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin." Or, describing a Riesling: "A laser beam. A sheet of ice. A great crackling bolt of lightning."

It includes the origins of the interest in conservation within the European context, and the development of the concepts from Antiquity and the Renaissance to the present day. Jokilehto illustrates how this development has influenced international collaboration in the protection and conservation of cultural heritage, and how it has formed the principal concepts and approach to conservation and restoration in today's multi-cultural society. This book is based on archival research of original documents and the study of key restoration examples in countries that have influenced the international conservation movement. Accessible and of great interest to students and the general public it includes conservation trends in Europe, the USA, India, Iran and Japan.

Pompeii has been continuously excavated and studied since 1748. Early scholars working in Pompeii and other sites associated with the AD 79 eruption of Mount Vesuvius were seduced by the wealth of artefacts and wall paintings yielded by the site. This meant that the less visually attractive evidence, such as human skeletal remains, were largely ignored. Recognizing the important contribution of the

human skeletal evidence to the archaeology of Pompeii, Resurrecting Pompeii remedies that misdemeanour, and provides students of archaeology and history with an essential resource in the study of this fascinating historical event.

[Download pdf file The Bloody Rise and Fall of the Mob's Most Feared Assassin](#) Identities and social relations are fundamental elements of societies. To approach these topics from a new and different angle, this study takes the human body as the focal point of investigation. It tracks changing identities of early Iron Age people in central Europe through body-related practices: the treatment of the body after death and human representations in art. The human remains themselves provide information on biological parameters of life, such as sex, biological age, and health status. Objects associated with the body in the grave and funerary practices give further insights on how people of the early Iron Age understood life and death, themselves, and their place in the world. Representations of the human body appear in a variety of different materials, forms, and contexts, ranging from ceramic figurines to images on bronze buckets. Rather than focussing on their narrative content, human images are here interpreted as visualising and mediating identity. The analysis of how image elements were connected reveals networks of social relations that connect central Europe to the Mediterranean. Body ideals, nudity, sex and gender, aging, and many other aspects of women's and men's lives feature in this book. Archaeological evidence for marriage and motherhood, war, and everyday life is brought together to paint a vivid picture of the past.

[Download pdf file History of Architectural Conservation](#) The collection of Barbara and Lawrence Fleischman of New York is one of the most important private collections of ancient Greek and Roman art in the United States and among the most important in the world. Composed of approximately three hundred objects from the Bronze Age to the Late Antique, it includes bronze statuettes, marble sculpture, vases, jewelry, lamps and candelabra, keys, weights, and silver bowls and utensils. The Fleischmans have a particular fascination with pieces associated with everyday life in antiquity, since these objects evoke a human connection to the past. They are also drawn to pieces that exemplify the human propensity to transform a functional object into a thing of beauty. Not only has their emotional response to an object's aesthetic appeal or its historical significance guided them in their forty years of collecting, personal interests have been at work as well. The large number of pieces related to the theater or representing theatrical subjects reflects Barbara Fleischman's lifelong love of that art. A Passion for Antiquities contains photographs and extensive catalogue entries on the objects included in the exhibition at the J. Paul Getty Museum and the Cleveland Museum of Art. Eighteen contributors provide art historical and descriptive information about each piece. The objects not selected for the exhibition are detailed in a checklist that specifies their origins, dates, media, and sizes. This book is the first major reference on the entire collection, since most of the objects have never before been publicly shown. To facilitate finding specific objects or groups of objects, the book is organized first chronologically and then by medium. Bibliographic sources for each entry cite both publications where the specific work is discussed as well as references to related scholarship. Karol Wight provides a chronological overview of the collection, and Oliver Taplin relates selected pieces to the development of Greek theater. The exhibition of Barbara and Lawrence Fleischman's collection and this catalogue allow us to enter into their minds and emotions so that, for a time, we can share their passion for antiquities.

[Download pdf file Escaping Reality](#)This volume sheds new light on Immanuel Kant's conception of anthropology. Neither a careful and widespread search of the sources nor a merely theoretical speculation about Kant's critical path can fully reveal the necessarily wider horizon of his anthropology. This only comes to light by overcoming all traditional schemes within Kantian studies, and consequently reconsidering the traditional divisions within Kant's thought. The goal of this book is to highlight an alternative, yet complementary path followed by Kantian anthropology with regard to

transcendental philosophy. The present volume intends to develop this path in order to demonstrate how irreducible it is in what concerns some crucial claims of Kant's philosophy, such as the critical defense of the unity of reason, the search for a new method in metaphysics and the moral outcome of Kant's thought.

[Download pdf file Resisting Roots](#)"This catalogue examines one of the most important educational tools and sources of inspiration for Western artists for over five hundred years: drawing after the Antique. From the Renaissance to the 19th century, classical statues offered young artists idealised models from which they could learn to represent the volumes, poses and expressions of the human figure and which, simultaneously, provided perfected examples of anatomy and proportion. For established artists, antique statues and reliefs presented an immense repertory of forms that they could use as inspiration for their own creations. Through a selection of thirty-nine drawings, prints and paintings, covering more than four hundred years and by artists as different as Federico Zuccaro, Hendrick Goltzius, Peter Paul Rubens, Charles-Joseph Natoire, Henry Fuseli and Joseph Mallord William Turner, this catalogue provides the first overview of a phenomenon crucial for the understanding and appreciation of European art."--Page 2 of cover.

[Download pdf file Wicked Beat](#)New York Times bestselling author Linda Castillo delivers an electrifying thriller in which Chief of Police Kate Burkholder must confront a dark evil to solve the mysterious murders of an entire Amish family. The Plank family moved from Lancaster, Pennsylvania, to join the small Amish community of Painters Mill less than a year ago and seemed the model of the Plain Life—until on a cold October night, the entire family of seven was found slaughtered on their farm. Police Chief Kate Burkholder and her small force have few clues, no motive, and no suspect. Formerly Amish herself, Kate is no stranger to the secrets the Amish keep from the English—and each other—but this crime is horribly out of the ordinary. State agent John Tomasetti arrives on the scene to assist. He and Kate worked together on a previous case during which they began a volatile relationship. They soon realize the disturbing details of this case will test their emotional limits and force them to face demons from their own troubled pasts—and for Kate, a personal connection that is particularly hard to bear. When she discovers a diary that belonged to one of the teenaged daughters, Kate is shocked to learn the girl kept some very dark secrets and may have been living a lurid double life. Who is the charismatic stranger who stole the young Amish girl's heart? Could the brother—a man with a violent past, rejected and shunned by his family and the Amish community, have come to seek out revenge? As Kate's outrage grows so does her resolve to find the killer and bring him to justice—even if it means putting herself in the line of fire. Topping her own bestselling debut, Linda Castillo once again immerses us in the world of the Amish with a chilling story that is both a fast-paced thriller and intriguing psychological puzzle.

John Stamper analyzes the temples' formal qualities, the public spaces in which they were located and, most importantly, the authority of precedent in their designs. He also traces Rome's temple architecture as it evolved over time and how it accommodated changing political and religious contexts, as well as the affects of new stylistic influences.

[Download pdf file Frontiers of Astrobiology](#)The topic of organizational identity has been fast growing in management and organization studies in the last 20 years. Identity studies focus on how organizations define themselves and what they stand for in relation to both internal and external stakeholders. Organizational identity (OI) scholars study both how such self-definitions emerge and develop, as well as their implications for OI, leadership and change, among others. We believe there are at least four inter-related reasons for the growing importance of OI. OI addresses essential questions of social existence by asking: Who are we and who are we becoming as a collective? It is a relational construct connecting concepts and ideas that are often viewed as oppositional, such as "us" and "them" or "similar" and "different." OI is also a nexus concept serving to gather multiple central constructs, also represented in this Handbook. Finally, OI is inherently useful, as knowing who you are is the foundation for being able to state what you stand for and what you are promising to others, no matter their relation with the organization. The Handbook provides a road-map to the OI field organized in over 25 chapters across seven sections. Each chapter not only offers a broad overview of its particular topic, each also advances new knowledge and discusses the future of research in its area of focus.

Determined to unravel the past, they embark on a journey to discover where it all began. For centuries Donovan has stolen Lily's heart while forced to suffer for his love. How much can a soul endure before the breaking point is reached and a monster emerges? Can the demons of the past be combated to pave the way for happiness in the next life? Or has the abuse suffered in this life already turned Donovan hell bound? Time and again, one woman has destroyed their happiness. It's time to silence her—once and for all. Ravishingly sinful, witty, and controversial, Time's Forbidden Flower, the sequel to Love's Forbidden Flower, is a barrier breaking love story of time unwound.
